KX-DT300 Series
Digital Telephones

Home and Business Communications

The perfect phone for your business ... and your budget.

As a part of your Panasonic Business Telephone System, the KX-DT300 series telephones are an affordable yet feature-rich endpoint solution.

Enjoy superb voice quality and a range of business-friendly features.
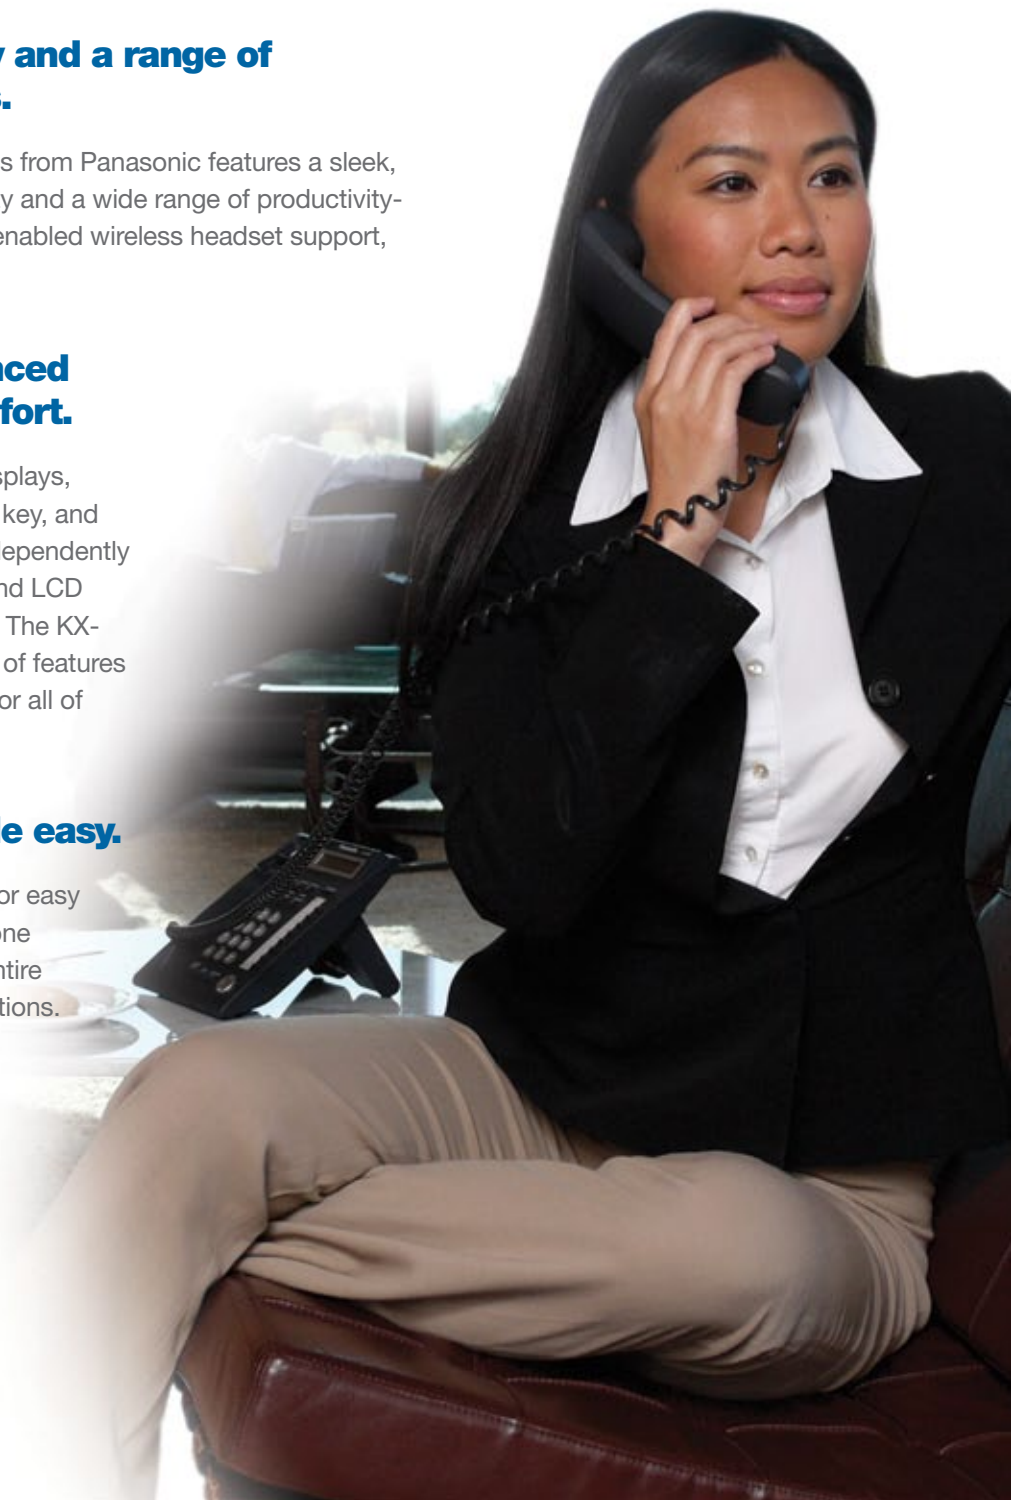

The KX-DT300 business telephone series from Panasonic features a sleek, modern design, outstanding voice quality and a wide range of productivity-boosting features including Bluetooth®-enabled wireless headset support, ideal for a wide range of businesses.

The right choice for enhanced desktop usability and comfort.

The phones have large alphanumeric displays, programmable keys, an easy navigation key, and double tilt adjustment which lets you independently adjust the angles of the both the base and LCD display for maximum visibility and utility. The KX-DT300 series is the perfect combination of features and functionality—and the right choice for all of your business communication needs.

Advanced integration made easy.

KX-DT300 series phones are designed for easy integration with other Panasonic telephone platforms allowing easy access to the entire spectrum of phone features and applications.

Bluetooth® Module
(KX-NT307)

24-Character LCD
(Except KX-DT321
model – 16 character)

Double-Tilt Design
The double-tilt design lets you adjust the base unit and LCD angles to match desks, tables, or any location. The base unit can be adjusted in eight steps, and the LCD moves separately to optimize the viewing angle.

24 Programmable Keys
(Except KX-DT321
model – 8 keys)

Navigator Key

Headset Jack

Streamlined communications power that's better for your business.

These easy-to-use, advanced business-class telephones make for more effective communications in a wide range of business settings, including call centers, hotel rooms and many others. Whatever your business requirements, look to Panasonic for a cost-effective solution that meets your constantly changing needs.

Bluetooth® capability for hands-free convenience.

Select models in the series offer Bluetooth Capability when paired with an optional KX-NT307 Bluetooth Module—perfect for multi-taskers who need the efficiencies of hands-free operation.

An optional Bluetooth Module[*], KX-NT307, is available for wireless headset communication.
